Director's Notes

A Midsummer Night's Dream is one of Shakespeare's most famous comedies. This legendary play leads us through a rabbit hole of cultural legends and lores of fairies and hobgoblins. It challenges the boundaries of ancient laws against women's rights where women were property. He gives us wickedly funny tricks and treats in the character of Puck who gets his merriment by "helping" some young mortal lovers. I'm so proud of my cast and crew as they have worked so hard to build the raw emotions that love can produce. Thank you for supporting Vintage Theatre! I hope you enjoy the show!
